

Firing Earth Clay & Cast Imprints

Children grow so quickly! You treasure their first words and first steps, so help preserve these memories in time by having an imprint of their hands or feet, with your child's name & age permanently imprinted in a clay or cast tablet. It takes a few minutes to make the impression, which will 'capture' the detail of your child's or baby imprint of hand or foot forever. Within 3 weeks, we will dry & process the tablet, shape and fire it. We paint it to your chosen colour, re-fire again.

Each tablet has its own unique, handmade shape & size to suit each child.

We always make 2 tablets, so if you wish to purchase a 2nd set, then we can offer this for a reduced price.

First clay tablet with 1 print £30.00 or with 2 prints, e.g. foot and hand only £49.00.

Second clay tablet may be purchased if required for £25.00
